Not shared

1. You find a viral article claiming a major tech company is giving away free laptops to students. What is your first step?

- ◯ Share it immediately so your friends don't miss out.
- ◯ Check the URL for "https" and look for the same news on a reputable site (e.g., BBC, Reuters).
- ◯ Click the link and enter your student email to register.
- ◯ Ignore it because all giveaways are fake.

2. Which of the following are considered "Best Practices" for account security? (Select all that apply)

- [ ] Using the same strong password for all academic and social accounts.
- [ ] Enabling Two-Factor Authentication (2FA) where available.
- [ ] Using a password manager to store unique, complex passwords.
- [ ] Changing your password every 7 days.

3. On a scale of 1 to 5, how comfortable are you using version control tools like **GitHub** or collaboration suites like **Google Workspace**?

| 1 | 2 | 3 | 4 | 5 |
|---|---|---|---|---|
| ○ | ○ | ○ | ○ | ○ |

4. In your own words, briefly explain why a recruiter might look at your LinkedIn or GitHub profile before an interview.

Your answer

5. When using AI tools (like Gemini or ChatGPT) for an assignment, what is the most ethically responsible approach?
